Introduction

The main aim of this booklet is to exemplify standards for those teaching Cambridge IGCSE Swahili 0262, and to show how different levels of candidates' performance (high, middle and low) relate to the subject's curriculum and assessment objectives.

In this booklet, candidate responses have been chosen from the June 2022 series to exemplify a range of answers for all the questions on the question paper.

For each question, the response is annotated with a clear explanation of where and why marks were awarded or omitted. This is followed by examiner comments on how the answer could have been improved. In this way, it is possible for you to understand what candidates have done to gain their marks and what they could do to improve their answers. There is also a list of common mistakes candidates made in their answers for each question.

This document provides illustrative examples of candidate work with examiner commentary. These help teachers to assess the standard required to achieve marks beyond the guidance of the mark scheme. Please also refer to the June 2022 Examiner Report for further detail and guidance.

The questions and mark schemes used here are available to download from the [School Support Hub](#). These files are:

How to use this booklet

This booklet goes through the paper one question at a time, showing you the high-, middle and low-level response for each question. The candidate answers are set in a table. In the left-hand column are the candidate answers, and in the right-hand column are the examiner comments.

Example Candidate Response – high	Examiner comments
1 Kwa nini watu wanaendesha baisikeli sasa? Taja sababu mbili. 1 (i) Watu hufanyia kazi zao kwenye baisikeli mfano wanaanza matunda. [1] (ii) Kufika kazini au shuleni. [1] 2 Usafiri wa gari unawavutia watu gani? Watu wenye familia kubwa 2 [1] 3 Matenga yana umuhimu gani kwa wauzaji? Inawezesha wauzaji kubeba bidhaa nyingi kwenye baisikeli zao. [1] 4 Answers are by real candidates in exam conditions. These show you the types of answers for each level. Discuss and analyse the answers with your learners in the classroom to improve their skills. [1]	1 The cue for this question is in the word <i>siku hizi</i> – the question needs the current reasons for bike usage rather than generic reasons. The candidate offers the distractor as the answer. Mark for Q1 = 0 out of 2 2 This is well done. Although the candidate does not write a full sentence, the response is understood. Mark for Q2 = 1 out of 1 Examiner comments are alongside the answers. These explain where and why marks were awarded. This helps you to interpret the standard of Cambridge exams so you can help your learners to refine their exam technique.

How the candidate could have improved their answer

For Q1, the candidate needed to understand that *siku hizi* (these days/currently) and *sasa* (now/current) were the cues to responding correctly. These phrases led to the reasons aimed at by the question. The candidate's responses were generic and did not precisely reference in the text.

This section explains how the candidate could have improved each answer. This helps you to interpret the standard of Cambridge exams and helps your learners to refine their exam technique.

Common mistakes candidates made in Exercise 1

- Candidates were presented with short answer questions. They were expected to read a short text and answer a series of questions that tested their skimming and gist-reading skills. This exercise therefore requires short answers.
- The most challenging question for many candidates was Q3. Candidates were asked to specify the importance of *matenga* and many simply lifted the whole passage where the word *matenga* appeared. Hence, instead of using verbs such as *kubeba*, they would often produce answers such as *yaliyojaa bidhaa na huzunguka mitaani huku wakiuza*.
- Q1 was also found to be relatively challenging. Some candidates wrote *kushindana*, not realising that the key word in the question was *siku hizi*.

Lists the common mistakes candidates made in answering each question. This will help your learners to avoid these mistakes and give them the best chance of achieving the available marks.

Exercise 1: Questions 1–6

Example Candidate Response – high	Examiner comments
1 Kwa nini watu wanaendesha baisikeli sasa? Taja sababu mbili. 1 (i) Watu hufanya kazi zao kwenye baisikeli mfangi wanaoza matunda. [1] (ii) Kufika kazini au sholeni. [1] 2 Usafiri wa gari unawavutia watu gani? 2 Watu wenye familia kubwa [1] 3 Matenga yana umuhimu gani kwa wauzaji? 3 Inawezisha wauzaji kubeba bidhaa nyingi kwenye baisikeli zao. [1] 4 Salha alipaswa kufanya nini ili kushiriki katika mashindano? 4 Alitakiwa kuunua baisikeli ya mashindano. [1] 5 Kwa nini mama alibadili mawazo kuhusu usalama wa mashindano? 5 Kwamba ku barabara maalumu za baisikeli Afrika ya kusini. [1] 6 Kwa nini Salha angependelea kuingia kwenye mashindano na kaka na si mama? Taja sababu mbili. 6 (i) Kaka yake alimfundisha kuendesha baisikeli. [1] (ii) Salha alingelazimishwa kuendesha polepole. [1] [Jumla: 8]	1 The cue for this question is in the word <i>siku hizi</i> – the question needs the current reasons for bike usage rather than generic reasons. The candidate offers the distractor as the answer. Mark for Q1 = 0 out of 2 2 This is well done. Although the candidate does not write a full sentence, the response is understood. Mark for Q2 = 1 out of 1 3 This is a good answer with the full verb utilised rather than lifting of the response from the text which would have meant loss of sense. The candidate uses the verb <i>kubeba</i> in answering Q3 which works well. The candidate does not lift the passage around the work <i>matenga</i>. Mark for Q3 = 1 out of 1 4 The candidate gives a good response to Q4 with <i>baisikeli ya mashindano</i>. The candidate understands that <i>nguo</i> was not a requirement to enter the competition, a bicycle was. Mark for Q4 = 1 out of 1 5 This is the response that examiners were looking for – <i>barabara</i> rather than <i>ajali</i>. The candidate differentiates <i>barabara</i> and <i>hatari/ajali</i> which leads to the correct response. Mark for Q5 = 1 out of 1 6 The response to (ii) could have been, <i>mama angelazimisha kuendesha polepole</i>, but the response the candidate gives has the same meaning which is okay and references both <i>kaka</i> and <i>mama</i>. Mark for Q6 = 2 out of 2 Total mark awarded = 6 out of 8

How the candidate could have improved their answer

- For Q1, the candidate needed to understand that *siku hizi* (these days/currently) and *sasa* (now/current) were the cues to responding correctly. These phrases led to the reasons aimed at by the question.
- The candidate's responses were generic and did not precisely reference the text.

Example Candidate Response – middle	Examiner comments
1 Kwa nini watu wanaendesha baisikeli sasa? Taja sababu mbili. (i) Wanaendesha baisikeli kwa sababu wa kuvenda ^{kazini} [1] (ii) Wanaendesha baisikeli kwa sababu ya mashindano [1] 1 2 Usafiri wa gari unawavutia watu gani? Watu wa familia kubwa 2 [1] 3 Matenga yana umuhimu gani kwa wauzaji? 3 Matenga yaliyojaa bidhaa na huzungulwa mitani huu wakuliza [1] 4 Salha alipaswa kufanya nini ili kushiriki katika mashindano? 4 Salha amefanya utafiti Anuvue baisikeli mpya [1] 5 Kwa nini mama alibadili mawazo kuhusu usalama wa mashindano? Kwa sababu hana wasiwasi wowote wa ajali za barabarani na zilikuwa barabara madum za baisikeli 5 [1] 6 Kwa nini Salha angependelea kuingia kwenye mashindano na kaka na si mama? Taja sababu mbili. (i) kwa sababu ni kaka aliyefundisha kuvendesha baisikeli [1] (ii) kwa sababu amefanya utafiti pamoja na kaka yake [1] 6 [Jumla: 8]	1 The cue for this question is in the word <i>siku hizi</i> in the text. The candidate is not awarded any marks for Q1 as the response needs reasons for bike usage. Mark for Q1 = 0 out of 2 2 One mark is awarded for this correct answer. Mark for Q2 = 1 out of 1 3 The candidate lifts this from the text so no marks are awarded for this answer. Mark for Q3 = 0 out of 1 4 One mark is awarded for this correct answer. Mark for Q4 = 1 out of 1 5 The correct response is the second part of this answer. It was <i>barabara</i> that made the mother change her mind rather than <i>ajali</i> or <i>hatari</i>. Mark for Q5 = 1 out of 1 6 Although part (i) is missing the object marker, <i>m</i>, this answer was given a mark. For part (ii) the answer needs to respond to <i>mama</i>. A mark is not awarded to this part of the question. Mark for Q6 = 1 out of 2 Total mark awarded = 4 out of 8

How the candidate could have improved their answer

- To gain marks for Q1, the candidate needed to provide the current reasons for bike usage rather than infer or give reasons that are not *za sasa*.
- For Q3, the candidate should not have lifted the text around the word *matenga*. The candidate needed to produce a response that targeted the question precisely, for example *matenga hubeba* or *hutumiwa kubeba*.
- For Q6, the candidate should have responded to *mama* since *kaka* was referenced previously.

Common mistakes candidates made in Exercise 1

- Candidates were presented with short answer questions. They were expected to read a short text and answer a series of questions that tested their skimming and gist-reading skills. This exercise therefore requires short answers.
- The most challenging question for many candidates was Q3. Candidates were asked to specify the importance of *matenga* and many simply lifted the whole passage where the word *matenga* appeared. Hence, instead of using verbs such as *kubeba*, they would often produce answers such as *yaliyojaa bidhaa na huzunguka mitaani huku wakiuza*.
- Q1 was also found to be relatively challenging. Some candidates wrote *ni niia kuu ya usafiri*, or *kuenda kazini* or *kushindana*, not realising that the key word in the question was *sasa*, targeting the current use of the item in question.

Exercise 2: Questions 7–15

Example Candidate Response – high	Examiner comments
7 anaruka kamba sasa? A ☒ B ☒ C ☐ D ☐ 1 [1]	1 The candidate selected the correct answer. Mark for Q7 = 1 out of 1
8 anajali zaidi jinsi anavyoonekana? A ☐ B ☒ C ☐ D ☐ 2 [1]	2 This candidate understands that C is the distractor. Speaker B gives his reason for lifting weights as – <i>kujivunia mwili wangu</i> whereas Speaker C dismisses the whole concept of lifting weights <i>sioni maana ya kufanya hivyo ili kuonekana umejenga mwili</i>. This candidate is able to differentiate such close statements and select the correct response. Mark for Q8 = 1 out of 1
9 ni mwanachama wa timu ya kandanda? A ☐ B ☐ C ☒ D ☐ 3 [1]	3 The answer is D. Speaker C says that they used to be a member of a football team, but an accident put an end to that <i>nilikuwa mwanachama, lakini...</i> whereas Speaker D says <i>nimejiunga na timu ya vijana....</i> So, the speaker is an active member. This corroborates with the tense of the question statement. Mark for Q9 = 0 out of 1
10 amejenga urafiki na majirani? A ☐ B ☒ C ☐ D ☐ 4 [1]	4 The answer is D and not Speaker C who says that neighbours just watch him and do not dare approach him; he is not their friend. Mark for Q10 = 0 out of 1
11 anachagua chakula mno? A ☐ B ☐ C ☒ D ☐ 5 [1]	5 The candidate differentiates between Speaker C who is selective of what he eats and Speaker A who states <i>sichagui vyakula</i> as well as Speaker B. Mark for Q11 = 1 out of 1

Example Candidate Response – high, continued	Examiner comments
12 anaamini mazoezi hupumzisha akili? A ☐ B ☒ C ☐ D ☐ 6 [1]	6 The candidate differentiates between Speaker B who states <i>sifanyi mazoezi kupumzisha akili</i> and the right response, Speaker A, who states <i>ninasahau matatizo yangu yote na hujihisi mwepesi</i>. Mark for Q12 = 1 out of 1
13 anapenda zoezi la kuinua uzito? A ☐ B ☒ C ☐ D ☐ 7 [1]	7 The candidate differentiates between Speaker B and C. Speaker C states that they are not at all interested in lifting weights whereas Speaker B is very interested. The candidate understands the statements rather than choosing the speaker who uses the noun <i>uzito</i>. Mark for Q13 = 1 out of 1
14 kukimbia ni changamoto kwake? A ☐ B ☒ C ☐ D ☐ 8 [1]	8 The candidate gives the correct answer by understanding the term <i>changamoto</i> (challenge) and chooses Speaker B who struggles with running – <i>mimi siwezi kukimbia</i> as opposed to Speaker C who enjoys it. Mark for Q14 = 1 out of 1
15 ataweza kuwasaidia watu kuboresha lishe zao? A ☐ B ☐ C ☒ D ☐ 9 [1] [Jumla: 9]	9 Q15 seems to be accessible to most candidates. Mark for Q15 = 1 out of 1
	Total mark awarded = 7 out of 9

How the candidate could have improved their answer

- The candidate was able to filter out the distractors for many of the questions, except for Q9 and Q10 which most candidates found challenging.
- For Q9, the answer is D. The candidate needed to be aware that Speaker C says that they used to be a member of a football team but that an accident put an end to their participation in the sport (*nilikuwa mwanachama, lakini...*) whereas Speaker D says *nimejiunga na timu ya vijana...*

Example Candidate Response – middle/low	Examiner comments
7 anaruka kamba sasa? A ☒ B ☐ C ☐ D ☐ 1 [1]	1 This question is quite accessible for most candidates and this candidate is awarded 1 mark. Mark for Q7 = 1 out of 1
8 anajali zaidi jinsi anavyoonekana? A ☐ B ☐ C ☒ D ☐ 2 [1]	2 C is not the correct answer. Speaker B gives his reason for lifting weights as <i>kujivunia mwili wangu</i>. Speaker C dismisses the whole concept of lifting weights. No marks are awarded. Mark for Q8 = 0 out of 1
9 ni mwanachama wa timu ya kandanda? A ☐ B ☐ C ☒ D ☐ 3 [1]	3 The candidate chooses the incorrect answer and receives no marks for answer C because Speaker C is no longer an active member. Mark for Q9 = 0 out of 1
10 amejenga urafiki na majirani? A ☒ B ☐ C ☐ D ☐ 4 [1]	4 This is an incorrect answer, so no marks are awarded. It is Speaker D who is friends with the neighbours. Mark for Q10 = 0 out of 1
11 anachagua chakula mno? A ☐ B ☐ C ☐ D ☒ 5 [1]	5 This is an incorrect answer. Speaker D is not selective about what he eats. No mark is awarded for this answer. Mark for Q11 = 0 out of 1
12 anaamini mazoezi hupumzisha akili? A ☒ B ☐ C ☐ D ☐ 6 [1]	6 The candidate correctly differentiates between Speaker B who states <i>sifanyi mazoezi kupumzisha akili</i> and the right response, Speaker A who states <i>ninasahau matatizo yangu yote na hujihisi mwepesi</i>. Mark for Q12 = 1 out of 1
13 anapenda zoezi la kuinua uzito? A ☐ B ☐ C ☒ D ☐ 7 [1]	7 The candidate chooses the wrong answer, so no marks are awarded for C because Speaker C states that they are not at all interested in lifting weights. Speaker B is the correct answer. Mark for Q13 = 0 out of 1

Example Candidate Response – middle/low continued				Examiner comments
14	kukimbia ni changamoto kwake?	A ☐ B ☒ C ☐ D ☐	8	8 The candidate gives the correct answer by understanding the term <i>changamoto</i> (challenge) and chooses Speaker B who struggles with running – <i>mimi siwezi kukimbia..</i> as opposed to Speaker C who enjoys it. Mark for Q14 = 1 out of 1 9 The incorrect box is ticked so no marks are awarded. Mark for Q15 = 0 out of 1 Total mark awarded = 3 out of 9
15	ataweza kuwasaidia watu kuboresha lishe zao?	A ☒ B ☐ C ☐ D ☐	9	
[Jumla: 9]				

How the candidate could have improved their answer

- For Q8, this candidate needed to figure out that the answer they gave, C, contained a distractor, and that the correct answer was B. This is because Speaker B gives his reason for lifting weights as: *kujivunia mwili wangu*, whereas Speaker C dismisses the whole concept of lifting weights *sioni maana ya kufanya hivyo ili kuonekena umejenga mwili*.
- For Q9, as with the previous candidate, this candidate needed to be aware that Speaker C says that they used to be a member of a football team but that an accident put an end to them playing the sport (*nilikuwa mwanachama, lakini...*) whereas Speaker D says *nimejiunga na timu ya vijana....* Thus, the speaker is still an active member. This corresponds with the tense of the question statement.
- For Q10, the answer given was A. Speaker A utters the hypothetical phrase: *labda siku moja nitajenga urafiki nao*, (I might become friends with them one day) meaning that they are not yet friends. The candidate should therefore have opted for D instead as this speaker is (present tense) friends with the neighbours.
- For Q11, the candidate selected the speaker who eats everything and for whom it is important *kutojinyima* (D), which was incorrect. Speaker C should have been ticked as it is he who is selective about what he eats.
- For Q13, the candidate needed to differentiate between Speakers B and C. The candidate had to sufficiently understand the utterances made by both speakers rather than opt straight for the speaker who happens to use the noun *uzito*.

Common mistakes candidates made in Exercise 2

- These were multiple-choice questions where candidates had to read a series of short paragraphs uttered by four different speakers, followed by a series of nine statements. Candidates then had to match each statement to the speakers they thought it referred to. Candidates were required to put a tick in correct right box. Many candidates performed very well in this exercise, although most made a small number of mistakes.
- The most challenging question for candidates was Q9. Candidates needed to read the passages carefully. Speaker D is still a club member (*mwanachama*) whereas Speaker C used to be a member.
- For Q10, Speaker D mentions being friendly with neighbours whereas Speaker B says that his neighbours dare not approach. Candidates should remember to look closely at the tenses used in the questions and the vocabulary to differentiate between the correct information and distractors.
- Candidates should remember not to tick more than one box per question.
- Candidates must clearly cross out any cancelled responses and use a tick for the correct response.

Exercise 3: Questions 16–19

Example Candidate Response – high	Examiner comments
16 Wajibu wa walimu: <i>Kuwasiliana na wanafunzi</i> • <i>Kufundisha masea 24 wakitumia simu au barua pepe.</i> 1 • <i>Kujibu hoja za wanafunzi na kuahibuha kazi yao.</i> [2] 17 Faida za kusoma nyumbani kulingana na <i>wazazi</i> • <i>wanafunzi kujifunza kujitegemea.</i> • <i>Kuweza kuzungumza mengi na watoto wao.</i> 2 • <i>watoto kuwexesha kujitolea kusaidia nyumbani.</i> [3] 18 Tofauti za wazazi wa Zakia na Kurwa: • <i>babake kurwa ana uwezo wa kumuunulia kompyuta na mama ke zakia hawezi.</i> • <i>mama ke kurwa haamini kumwacha mtoto kuithali mama ke zakia alimwacha mtoto wake kujitolea alipamua.</i> 3 19 Matokeo ya utafiti ambayo wanafunzi hawakuyategemea: • <i>Kurwa alikuwa na hamu ya kurudi shuleni.</i> • <i>Zakia alisikitishwa na majuma yashule na alikuwa na hamu kurudi kusoma nyumbani na kurwa na mama ke.</i> [2] 4	1 These are the correct responses which the candidate finds by understanding the synonym for <i>wajibu</i> which is <i>jukumu</i>. The candidate also finds the second point by picking the phrase <i>walimu walipaswa</i> – this subjunctive structure states the teacher's duties. Mark for Q16 = 2 out of 2 2 This question is looking for the parents' perspective and not that of the students or the teachers. This candidate understands this very well. The candidate is also able to note a third point that the children helped the parents at home rather than <i>kufanya kazi zote za nyumbani</i>. Mark for Q17 = 3 out of 3 3 The candidate gives different responses for each parent which is correct. The candidate does not simply state that Kurwa's father bought a computer but rather he was able to – <i>alikuwa na uwezo</i>. The <i>uwezo</i> is the real difference. Similarly, Mama Zakia <i>alimwacha mtoto</i> and also <i>alimwamini</i>. The term <i>kuamini</i> is vital to receive the second mark. Mark for Q18 = 2 out of 2 4 This question is looking for what was unexpected. In this instance, the answers are that the students found that <i>wanapenda kusoma uso kwa uso</i> and <i>wanajifunza mapishi</i>. No marks are awarded. Mark for Q19 = 0 out of 2 Total mark awarded = 7 out of 9

How the candidate could have improved their answer

Q19 was looking for what was unexpected. The required answers were that the students found that *wanapenda kusoma uso kwa uso* and *wanajifunza mapishi*. Had they made the distinction between what was expected and what was not, the candidate would have received the marks.

Example Candidate Response – middle	Examiner comments
16 Wajibu wa walimu: ^{ya} - Kazi yao kufundisha imekuwa masaa 24. - Kao hawapumziki kwa sababu ya hoja ^{mingi} [2] 17 Eaida za kusoma nyumbani kulingana na wazazi: - Katoto watajitegemea na kufanya utafiti pekee - Katoto wanaweza kusaidia nyumbani - Katoto wataweza kufanya utafiti pekee [2] 18 Tofauti za wazazi wa Zakia na Kurwa: - Klazazi wa Kurwa waliweza kuinunua kompyuta - Nao Mzazi wa Zakia hawaweza kuinunua [2] 19 Matokeo ya utafiti ambayo wanafunzi hawakuyategemea: - Ilitokea kuwa zakia mwishowe alipendo kusoma nyumbani - Kurwa alifuraha sana kurudi shule [2]	1 Although the candidate mentions <i>hoja</i>, their answer is that the teachers do not rest <i>hawapumziki</i> – which is not a duty. The candidate needs to state that <i>walimu hujibu hoja</i>. Mark for Q16 = 1 out of 2 2 <i>wanajitegemea</i> and <i>wanafanya utafiti wao</i> are the same. The candidate is awarded one mark for each. Mark for Q17 = 2 out of 3 3 These two points state the same thing, so the candidate gets one mark only. The candidate needs to state two separate points. Mark for Q18 = 1 out of 2 4 No marks are awarded for Q19 as the candidate needed to give more specific responses. <i>wanapenda kusoma uso kwa uso</i> and <i>wanajifunza mapishi</i>. Mark for Q19 = 0 out of 2 Total mark awarded = 4 out of 9

How the candidate could have improved their answer

- For Q16, the candidate needed to state that *walimu hujibu hoja* instead of writing that teachers are tired of responding to students. This part of the candidate's answer was not correct as being tired of responding to students was not part of the teachers' responsibilities targeted in the question.
- For Q18, the candidate needed to state two sufficiently distinct answers for two marks but struggled to avoid overlap in their response. Consequently, they only scored one mark.
- As mentioned above, Q19 looked for what was unexpected. Answers needed to specifically state that *wanapenda kusoma uso kwa uso* and *wanajifunza mapishi*. As with the previous candidate, this candidate struggled to differentiate between what was expected and unexpected.

16 Wajibu wa walimu:

- walikuwa wamechoka kuwafunza watoto ihali hawapumzi
- kukaa shule masaa 24 unawachokesha 1 [2]

17 Faida za kusoma nyumbani kulingana na wazazi:

- wasiwasi kwamba watoto wangepotea njia
- wangepata tabia za kibinasi na kutajili familia yao
- walihofia kushindwa kuwasaidia watoto wao 2

18 Tofauti za wazazi wa Zakia na Kurwa:

- Baba kurwa himbidi amnunvie kurwa kompyuta 3
- Mama Zakia hakuweza kununua komputa Zakia simo kwa sababu zakia alikuwa anatumia lamamayeke 2

19 Matokeo ya utafiti ambayo wanafunzi hawakuyategemea:

- walinisi itakuwa likizatu 4
- wainfikiri wangeweza kupoteza muda mandao 2

1 These sentences were used to describe the teachers' feelings but not their duties. The question *wajibu* needed the candidate to refer to the tasks done by teachers. The tasks are to be found within the text and not from general knowledge.
Mark for Q16 = 0 out of 2

2 The candidate offers *hasara* (disadvantage) rather than *faida* (advantages). The question needs the positive prospects of home schooling.
Mark for Q17 = 0 out of 3

3 The candidate needs to give two separate differences rather than giving the vice versa of the same point.
Mark for Q18 = 1 out of 2

4 The candidate was not awarded marks for this answer as these were the thoughts of the students before their home learning period. They thought they were going on a prolonged holiday where they would relax online. The reality was different – that is what this question needed.
Mark for Q19 = 0 out of 2

Total mark awarded = 1 out of 9

How the candidate could have improved their answer

This response was selected because it exemplifies a number of common mistakes, and because it is crucial that candidates understand how marks were awarded for this exercise.

- For Q16, the answers provided described the teachers' feelings but not their duties. The word *wajibu* in the question signalled that the candidates needed to refer to duties/responsibilities. Accepted responses were: *kuwasiliana na wanafunzi wao (kwa kutumia simu au barua pepe) / kujibu hoja and kusahihisha kazi.*
- The candidate appeared to have misunderstood what was required for Q17, which asked after the benefits of home schooling according to parents. By way of illustration of the candidate's misapprehension of the task, their first answer focused on parental concern (*wasiwasi kwamba watoto wangepotea njia*). Accepted responses were: *kusaidia nyumbani, kuwa na wazazi/kuelewana/ kuzungumza and kujifunza kujitegemea.*
- For Q18, the candidate needed to give two distinct differences between Zakia and Kurwa but they struggled to identify these. Accepted differences included: *wazazi wa Kurwa wanajiweza / na mama yake Zakia si tajiri; mama yake Kurwa hakumwamini kumwacha achague mwenyewe / mama yake Zakia anamwamini mtoto kuwa peke yake or Mama Zakia anamtegemea mwanawe.*
- Q19 was a higher-order question aimed at testing the strongest candidates, some of whom also found the question challenging. Accepted responses included: *wanapenda kusoma uso kwa uso and wanajifunza mapishi.* As suggested by the fact that the candidate struggled to answer the previous, less challenging questions, and as particularly evidenced by their answer to Q19, the note-taking task appeared to exceed the candidate's ability.

Common mistakes candidates made in Exercise 3

- For Q16, candidates were expected to give the duties/responsibilities of the teachers. Instead, many answered *hawapumziki* (they don't rest), *kufundisha imekuwa masaa 24* (teaching has become a 24-hour job) instead of including regular duties such as marking and communicating with students. It is important for candidates to read the question carefully and to answer precisely rather than lift words from what may seem core phrases believed to be pertinent to the question. Any language taken from the passage must be reworded such that it is tailored to the specifics of the question.
- Q18 asked candidates to specify differences between the two parents in the passage. Candidates are reminded that, writing 'Zakia's parents are poor and Kurwa's parents are rich/not poor' counts as one response. Two separate points were required (rather than mere opposites of the same point), e.g. *wazazi wa Kurwa wanajiweza; wazazi wa Zakia wanamwacha ajitegee / wanamwamini.*
- Q19 targeted what was unexpected. Answers such as *walilala vitandani masaa 24, walipoteza muda mtandaoni* did not fall into this category. What was unexpected were the skills they learn, e.g. *kupika*, and the fact that they derived enjoyment from online learning.

Exercise 4: Question 20

Example Candidate Response – high	Examiner comments
Makala ya zoezi 3 yanazungumzia mafunzo nyumbani. 20 Sasa tuna ufupisho unaolinganisha njia tofauti zilizochukuliwa na wazazi kuwajibika na mafunzo ya nyumbani. Unaweza kutumia maelezo yako mengine kutoka zoezi 3 ili kukusaidia. 1 Ufupisho wako usizidi maneno 100. Tumia maneno yako mwenyewe kadiri iwezekanavyo. Utapata alama zisizozidi 4 kwa maudhui ya ufupisho wako, na alama zisizozidi 6 kwa lugha makini na sahihi. 1 Wakati wa utafiti huu, babake kurwa aligundua kwamba mwanawe hakawa akisoma. Alionekana akistarehe tu. Hivyo basi babake alikuamisha na shule ili kuelewa asili ya changamoto hii. Alifanya jukumu lake kama mzazi na kumunulua mwanawe kutoa taarifa ili aweze kufanya masomo ya mtandao. 3 Nivilele, alimpa kurwa uhuru wa kujitegemea katika masomo yake ya binafsi ili aweze kujifunza kujitegemea. Aidha, mamake Zakia alimwacha mtoto wake sijitoe nyumbani ili kukua nidhamu na maadili ya mtoto wake. Isitoshe alimpa alifanya jukumu lake kwa kumpa mwanawe ^{runu} simu yake ili aweze kuelewa na masomo ya mtandao. 5	1 This is the first point which is well presented by the candidate. 2 This is excellent. The candidate presents the second point well and has even used another term for computer showing that they understand the task. 3 The third point is well presented by the candidate. 4 The fourth point is well presented with a different term for <i>simu</i> showing understanding. The candidate is awarded full marks for content. 5 In terms of the language, the candidate uses their own language, even for terms such as computer and phone showing that they understand the task. The language used is strong and shows cohesion so is awarded full marks. Mark awarded for Content = 4 out of 4 Mark awarded for Language = 6 out of 6 Total mark awarded = 10 out of 10

How the candidate could have improved their answer

This was a well-presented response, and the candidate was given full marks for content and language. The candidate fully understood the task and structured their summary effectively to convey, in their own language, four clear points that showed what the parents did.

Makala ya zoezi 3 yanazungumzia mafunzo nyumbani. 20 Sasa tuna ufupisho unaolinganisha njia tofauti zilizochukuliwa na wazazi kuwajibika na mafunzo ya nyumbani. Unaweza kutumia maelezo yako mengine kutoka zoezi 3 ili kukusaidia. Ufupisho wako usizidi maneno 100. Tumia maneno yako mwenyewe kadiri iwezekanavyo. Utapata alama zisizozidi 4 kwa maudhui ya ufupisho wako, na alama zisizozidi 6 kwa lugha makini na sahihi. Kwanza, wazazi waliwasiliana na shule ili waweze kujua jinsi ambavyo watoto wao wataendelea na mafunzo nyumbani. Kutokana na arifa za walimu, wazazi waliweza kupatia watoto wao simu au komputa, ili waweze kuwasiliana na walimu wao. Isitoshe, wazazi walitafutia watoto wao vyumba bora vya kusomea kama vile chumbani vya, ili waweze kusoma kwa utulivu. Kuongezea, wazazi pia waliwapa wanafunzi wakati wa kusoma bila kuwasumbua na shughuli au kazi za nyumba. Hizi ndio zilizochukuliwa na wazazi ili kuwajibika na mafunzo nyumbani. [Jumla: 10]	1 The candidate includes four points referring to the role of the parents. The candidate is then able to score full marks for content. 2 The language used by the candidate has a number of grammatical errors so was awarded 3 out of a total of 6 marks. Mark awarded for Content = 4 out of 4 Mark awarded for Language = 3 out of 6 Total mark awarded = 7 out of 10

How the candidate could have improved their answer

- The response contained a number of grammatical errors and relied heavily on lifting from the passage. Aside from relying more on using their own words, the quality of language might have been improved had the candidate edited their answer after writing it and corrected such basic errors as *arifa* (instead of *taarifa*).
- The candidate would also have scored higher marks for Language had they structured their points in a more cohesive manner and sequenced their points more logically.

Common mistakes candidates made in Exercise 4

- This is a summary task based on a reading text, not a mini essay. Any personal experience or knowledge related to the topic of the text is therefore irrelevant. Sentences such as *Wazazi wengi hawapendi kutoa ada za shule hivyo ni bora kusoma mtandaoni* and *Ilikuwa lazima kujenga vyumba vyenye kompyuta shuleni* were not appropriate as they had no basis in the text.
- Candidates should pay careful attention to the focus of the summary task and not assume that they should present a general summary regardless of the steer given in the question. In this particular summary, the task was to filter the actions taken by parents from the reading passage, e.g. *kununua kompyuta; kuwaruhusu kutumia simu; kuwasiliana na wazazi n.k.*
- Candidates must not copy sentences and paragraphs from the main passage in the hope that these may contain the information of a valid response. Instead, candidates should produce a summary in their own words.

Leo nimepata nafasi ya kuenda kutazama filamu ya Zinabu iliyotaka wiki iliyopita katika jumba la sinema hapa Faida Tele, Kenya. Nimejawa na furaha furufuri usajua kuwango. Ninapenda sana kuenda sinema kwani inaipa nafasi kutongamama na wenzangu. Aidha, kuna filamu za aina aina ki ninauweza kutazama; filamu kutoka ulimwengu kote. Hata hivyo, sinema hii ya Faraja imejawa na takataka ambazo imetapakaa kote kote. Si nadra, kupata vitafunio ambazo zime ambazo vimekupaa kila mahali. Bila shaka, sinema hii inaaka fe! Bali na hayo, wafanyakazi wa sinema wanaweza kuongeza namba ya laulawa wanazuka kwani wanauza mbili tu! Isitaihe, wanaweza pia kupunguza kuingilio kwani ni bei ghali sana. Hayo, nitakomea hapa kwa sasa kwaherini! ~ Nana Mutuma Tarehe: 16/04/21.	1 This is an excellent essay where the candidate responds to all the bullet points, structures their essay well and holds the interest of the reader by using terminologies such as <i>furaha furufuri</i>, <i>aina ainati</i>. 2 The candidate gives the reason for liking going to the cinema. 3 Another reason is nicely added here by the candidate, and this builds into the first reason. 4 The candidate describes the cinema while using their own language. 5 Two reasons for changes are nicely added. 6 The candidate is aware of the noun classes and writes an interesting essay that uses a range of language structures with a high level of accuracy. There is consistency in the style and register. 7 The candidate responds to all the bullet points, structures their essay well and holds the interest of the reader by using terminologies such as <i>furaha furufuri</i>, <i>aina ainati</i>. Mark awarded for Content = 3 out of 3 Mark awarded for Language (style and accuracy) = 4 out of 5 Total mark awarded = 7 out of 8

How the candidate could have improved their answer

The candidate has written an engaging response that uses a range of language structures with high level of accuracy. The candidate handled noun classes well. The candidate could have written *takataka ambazo zimetapakaa* in the second paragraph to remain consistent with the style and register of the piece they have produced, but this is a relatively minor point.

Sababu yangu kuu ya kupenda kuona haya filamu kule sinema na si nyumbani, ni kuwa sinema huwa na runinga vikubwa vyenye sauti nyingi. Mtu huenda kudhani kuwa apo ndani ya filamu! Siku hizi, sinema zimebadilika kiasi kwa sababu ya ugonjwa wa corona. Klatu chache sana wanaweza kupatikana huko na waliotaka hukaa viti tatu mbali na wewe. Ningependa sana kama sinema ingepunguza bei ya tiketi zake kwa kuwa bei tunayalipa ni ghali mno. Hii badiliko ingenifurahisha sana!	1 The candidate gives the reason for liking cinemas, the situation of the cinema now and the changes they would like to see. They could have improved this by having a more structured piece with two paragraphs or so. 2 The language in this essay has errors. For example, <i>filamu mapya</i>, <i>runinga vikubwa</i>, <i>watu chache</i>, <i>viti tatu</i>, etc. Some of these errors are very basic. The candidate is unaware of the Swahili noun classes. 3 The essay is not structured into paragraphs. The candidate uses incorrect structures such as <i>apo</i>. Mark awarded for Content = 3 out of 3 Mark awarded for Language (style and accuracy) = 3 out of 5 Total mark awarded = 6 out of 8

How the candidate could have improved their answer

- The candidate could have improved their response if they had applied the noun class rules more correctly. Errors included: *filamu mapya*, *runinga vikubwa*, *watu chache*, *viti tatu* and *mtu...apo*.
- The candidate made good use of complex structures such as verbal structures with *nge*. However, if the candidate had used other structures, such as the subjunctive, they would have improved the linguistic range of their response and scored a higher Language mark as a result.
- The candidate responded to all the prompts but their answer lacks structure and well-linked paragraphs.

Common mistakes candidates made in Exercise 5

- Candidates commonly wrote responses that were too long and exceed the word limit. Only a couple of sentences were needed for each of the three bullet points.
- Candidates sometimes overlooked the need to use paragraphs, and did not pay attention to punctuation, to sequence their ideas logically.

1 The candidate sets out what a stance is in terms of the essay. This is what they are going to defend in the essay. This is very good.

2 Here is the main reason for their stance. This is well linked to the first sentence which shows cohesion.

3 The phrase is tightened using this Swahili saying.

4 The candidate does not dispute that the money can buy material things. However, the candidate then refers to what cannot be bought hence going back to their argument and strengthening it. They use the sayings in the bubbles to strengthen their stance.

5 The candidate communicates with the reader, showing a confident awareness of the task at hand.

6 This is an unnecessary typo that gives a different meaning.

How the candidate could have improved their answer

- This was a very good answer. There was slight room for improvement in terms of the language used: phrases such as *bali na hayo* produce a different meaning to the intended *mbali na hayo*.
- The candidate might have achieved full marks had they proofread their work more thoroughly.

Je, Pesa, Inaweza Kununua Furaha?

Anj. Solanki

Tanzania

Watu wengi hufikiri kwamba hela au pesa inaweza kununua kila kitu duniani. Itakayo furahisha mwenye mwenyewe. Ila, mimi na watu wengi hataki kwamba pesa inaweza kununua furaha.

Kwa mfano ukiwa na pesa nyingi, utajenga maadwi wengi katika dunia kwa sababu watu watukitibia hela yako. Na bahati mbaya ukiibiwa hela, mwaishoni utahuzunika na hujaweza kununua furaha na pesa ulibakiyo.

Au kwa mfano mtu unayempenda sana amefariki, hwezi kununua majiha yake tena hata ukiwa na pesa zote ya dunia, mwaishoni utajikikia vibaya, kwamba umepoteza mpendwa. Maneno haya 'Mazuri ya dunia hayalipiwi' ina maana hwezi kungekea tabia ya watu wengine, watakugetikia siku moja hata kama ulikuwa unawalestima sana. Na hwezi tena kununua heshima yako tena na pesa!

Kwa hiyo, ni lazima kuwenge dunia uwe na akili kwamba sio tita kitu kinaweza kununuliwa na pesa. Mfano mjawapo ni furaha!

1 The candidate states their stance but doesn't include a Swahili saying or use language that captivates the reader.

2 The candidate contradicts themselves by shifting from the idea of being unable to buy happiness, to sadness leading one to the inability to buy happiness – something they could do before.

3 There is some confusion here. The candidate confuses *hayalipwi* na *hayalipiwi* which means that the essay is now taking a different direction and meaning.

4 There is no build up to this argument. It is just added to the essay with no introduction. The candidate needs to structure this essay into a cohesive whole.

Mark awarded for Content (relevance and development of ideas) = 4 out of 8

Mark awarded for Language (style and accuracy) = 6 out of 8

Total mark awarded = 10 out of 16

How the candidate could have improved their answer

- The candidate stated their stance from the outset in their first paragraph which was good. This might have been improved their mark for Language, if they had attempted a broader range of expression and idiom.
- The essay needed restructuring into a more cohesive whole. As it stands, the content of the essay contradicts itself, which impacted negatively on the mark for Content.
- The essay would have benefited from the inclusion of developed examples that support the main idea. This was absent.
- The conclusion was not particularly strong and lacks purpose.

"PESA NA FURAHA"

Na: Abbas Shiuji : 24th April 2022

Kuna njia nyingi yakupata
furaha kwenye dunia
nzima, hata kama huenda
mahali wana watu.

Picha

Picha hii inaonyesha
njia yakupata furaha.

Picha

Njia ya kwanza ni ufanye
kitu unachopenda na moyo,
na makini iwe sawa kabisa
sio kitu hupendi kwa
sababu hutafanya na moyo

Picha hii inaonyesha
kwamba mtu anatafanya

kitu anachopenda.

Ya pili ni kungeo na kuona
kitu unachopenda wa
rafiki, warazi, walimu...
na wada zao, hatapita
uwe kichekesho kidogo.

Picha

Picha hii inaonyesha
mtu anafanya kitu
anachopenda.

Mtu moja amesema "Pesa haiwezi kununua
furaha kabisa." Hii ni kweli kwa sababu
kwamba ukipotea hiyo hela uta runua nini?

Kwa maoni yangu pesa haiwezi kununua
kwa sababu ~~kipotea~~ furaha inatoka moyoni
si hela kila saa tu.

1 This sentence is ambiguous. It is not certain what the candidate is trying to say.

2 There is no structure to this essay. The candidate uses contradictory sentences and language, so the message is not clear.

Mark awarded for Content
(relevance and development of
ideas) =
2 out of 8

Mark awarded for Language (style
and accuracy) =
3 out of 8

Total mark awarded =
5 out of 16

How the candidate could have improved their answer

- This response did not focus to the task and therefore lacked relevance.
- The essay lacked structure, that is: an introduction, a middle and a conclusion.
- The language was generally quite unclear.

Common mistakes candidates made in Exercise 6

- This writing task contained a statement that candidates were required to engage with, in this particular case: *pesa haziwezi kununua furaha*.
- Candidates may choose to engage with the two prompts given in the speech bubbles, which are there to help generate ideas in response to the main statement. Candidates should, however, remember to engage primarily with the main statement and to offer their own thoughts and ideas on it. They must, in other words, always come back to the central idea (in this case: 'money and happiness') and weave their own views and arguments into the thrust of their argument.
- Some candidates wrote responses (including stories) that had little or no link to the question in hand, for instance: 'the life of an old mean person'. Relevance to the task is paramount as irrelevance poses the greatest threat to achieving content marks.
- Further common mistakes and challenges to overcome include:
 - word separation errors, especially with verbs
 - repetition of arguments
 - poor punctuation
 - errors with adjectival agreements
 - lack of grammatical variation (as shown, for instance, in the lack of relative markers).
